Women in Technology Scholarship

2019 Application

Women in Technology Scholarship

A Zonta International Program, Funded through the Zonta International Foundation

General Information

The world economy, industry and sciences are becoming increasingly digitized, and these developments are disrupting society and familiar social processes. Women, however, are still largely underrepresented in technology and other STEM fields. To create a world in which men and women have equal opportunities, women need to have an active role in technology and technological developments. Zonta International is pleased to offer its new Zonta International Women in Technology Scholarship to encourage women to pursue education, career opportunities and leadership roles in technology.

The Scholarship

The Women in Technology Scholarships are awarded to women of any age, pursuing a technology degree or closely related program or who are pursuing continued advancement in technology. Zonta International offers up to 32 scholarships of US\$2,000 each at the district/region level and six international scholarships in the amount of US\$8,000 each.

Who is Eligible?

Women of any age, pursuing a technology degree or closely related program, who demonstrate outstanding potential in the field, are eligible to apply.

Women not enrolled in a university are also eligible as long as they submit:

- Evidence of completed trainings and outstanding performance.
- Description of current job with information about path that led to that job.
- Employer confirmation and recommendation or client testimonial supported by evidence.
- Reason for applying and description of desired career.
- Evidence of educational project plan (e.g. proof of course opportunities).

Golden Z club members may apply.

Classified members (club members and individuals with direct membership with Zonta International) and employees of Zonta International and Zonta International Foundation, and their family members (ancestors, descendants, adoptees, siblings, nieces or cousins, and those of their spouse or co-habiting partner), are not eligible to apply.

Applications are accepted by email or regular mail; however, email submissions are preferred. Applications submitted by email must be signed and sent as a PDF.

Application Process

The Women in Technology Scholarship program operates at the club, district/region and international levels of Zonta International. Please note that applicants may not apply to more than one Zonta district. Applications selected by Zonta clubs are sent to the respective Zonta governor/regional representative. A district/region evaluating committee selects one applicant per district/region to submit to Zonta International Headquarters. The Zonta International Women in Technology Scholarship Committee selects six international recipients from the district/region applicants.

How May I Use the Scholarship Funds?

1. The scholarship may be used for any expenses that support the achievement of a degree or continuing advancement in technology or a closely related field.
2. For domestic and foreign recipients living in the United States, scholarship funds used for tuition, books, fees, supplies or required equipment for the program of study are not considered taxable income. Withholding taxes may be required on funds used for living expenses or other non-qualified expenses.
3. Recipients are not permitted to defer the Scholarship. Zonta International will consider a new application the following year, but no preferential consideration will be given to the second application.
